Customer Reviews

Knock Knock is an award-winning purveyor of witty books and gifts. Our mission is to create products that bring humor, function, organization, and design to everyday life.

I really do love these notepads, I have one for meal planning from the same people, and I love this one almost as much. This is a great way to keep track of all the little things I need to do around the house but always manage to forget about. I like having a dedicated place for household to do stuff only, it makes it easier to find what I'm looking for. Also this has a magnet on the back, so it can easily go up on the refrigerator.

This pad is a great concept. I always have a list of things to do around the house. I thought if I got this and let my husband make his own list, he would be more apt to get things done. I was wrong! Procrastinators always find a way of postponing the inevitable! I love the pad and am hopeful the concept will catch on with my husband one day.

Another great pad for anyone that has trouble keeping track of chores and things to do around the house. My partner and I work busy jobs and we use this to make sure that we don't forget the chores around the house. Complete with a handle magnet to attach this to the fridge where it is easy to see, this is great to keep your home organized and clean.

Tackling my daily to-do list is so much easier now that I can really organize the tasks. I only wish the portion dedicated for the to-do's was the entire length of the sheet instead of having the shopping list portion at the bottom.

Bought this for my son and daughter in law, who just purchased a 'fixer-upper'. It has come in VERY handy!! Nice product.

We use this everyday for kids to know what needs to happen everyday. Has helped relieve stress and the need for micromanagement.

This hasn't worked out for my house as well as I'd hoped. Not the product's fault, but isn't as useful as I expected.

Great idea! Now I need to incorporate it into my daily lists! The pads arrived in good shape and seem good quality
