Two Little Girls In Blue: A Novel

Synopsis

A tragic kidnapping... the mystery of twin telepathy... a mother's search for a child, presumed dead.

Hours after throwing a third birthday party for their twins Kathy and Kelly in their Connecticut home, Margaret and Steve Frawley return home from a dinner in New York to discover the police in the house, their daughters missing, and an eight million dollar ransom note. The Frawleys meet the kidnapper's demands, but the abandoned car they're led to contains only Kelly, the body of the driver, and a suicide note, saying he had inadvertently killed Kathy and dumped her body in the ocean. At the private memorial Mass for Kathy, Kelly tugs Margaret's arm and says that her sister Kathy "wants to come home right now." More unexplainable occurrences indicate that Kelly is in touch with Kathy, but no one except Margaret believes that Kathy is still alive. As Kelly's warnings become increasingly specific and alarming, however, FBI agents set out on a search for the kidnappers as Kathy's life hangs by a thread. Delving into the well-documented but still unexplained phenomenon of twin telepathy, worldwide #1 bestseller Mary Higgins Clark takes us deep into the minds of her characters while lifting us to the heights of suspense.

Customer Reviews

Starred Review. Bestseller Clark is at her best when writing of crime against children, as shown in this chilling tale of kidnapping, murder and telepathy. Before leaving for a black-tie affair in New York City, Margaret and Steve Frawley celebrate the third birthday of their twin girls, Kathy and Kelly, with a party at their new home in Ridgefield, Conn. Later that night, when Margaret can't reach the babysitter, she contacts the Ridgefield police. The frantic couple return home to find the

children missing and a ransom note demanding \$8 million. Though the Frawleys meet all the conditions, only Kelly turns up in a car along with a dead driver and a suicide note saying that Kathy has died. But Kelly's telepathic messages from her sister keep telling her differently, and Margaret won't give up hope. Even the most skeptical law enforcement officers and the FBI, who pursue suspects from New York to Cape Cod, begin to believe Kelly is on to something. Clues from ordinary people lead to a riveting conclusion. Rivaling Clark's debut *Where Are the Children?*—this suspense thriller is certain to send terror into the heart of any parent. (Apr.) Clark's thirty-third book revisits the subject matter of her first (*Where Are the Children?* 1975), addressing every parent's worst nightmare, the abduction of children. Steve and Margaret Frawley return to their new house after a night out on the town to discover that their three-year-old twins, Kelly and Kathy, have been kidnapped. The kidnappers are demanding an \$8 million ransom. As the executives at the company where Steve works debate paying the ransom, the three kidnappers, Lucas, Clint, and Clint's unstable girlfriend, Angie, wait for instructions from the plot's mastermind, who identifies himself only as the Pied Piper. Steve's company agrees to pay the ransom, but the Pied Piper's plan goes awry when Angie decides she wants to keep Kathy and shoots Lucas, leaving a fake suicide note claiming he accidentally killed Kathy. Although she is grateful to be reunited with Kelly, Margaret can't accept the loss of Kathy and clings to Kelly's assertion that she is in psychic communication with her twin. Clark's latest novel lacks the nail-biting suspense of some of her previous ones, but given how the subject matter dovetails with that of her first popular novel, expect interest. An absolute must read!

Riveting with many twists.

This kept me wanting to read until complete in one sitting - if that were possible. Loved the story and the exciting end. I read it in 2 days!

Mary Higgins Clark never fails to capture her readers from the first page. Two little girls in blue is a

fast paced read with great characters and explores the phenomenon associated with twins. A must read!

Bought for someone else

I've always loved books by Mary Higgins Clark. This one was no exception. I love the story line and the way it keeps you guessing until the very end. The Fawley twins were so easy to fall in love with, the parents were just as I imagine I would be in their situation, and this story told of the amazing bond between twins kept me intertwined with the story. Suspenseful all the way through!!!! I know it would not disappoint.

The Queen of Suspense has done it again!!! What an amazing story that keeps you guessing right up until the end. I find Mary Higgins Clark's books fascinating and spellbinding. Her exploration of the psychic connection between twins Kelly and Kathy is spot on. This was a book I just couldn't put down, and as always, the villain is the person you least expect.

Very good had me sad and in tears a couple of times.
