Best Sellers Rank: #99,815 in Books (See Top 100 in Books) #27 in Books > Textbooks > Humanities > Religious Studies > Judaism #286 in Books > Religion & Spirituality > Judaism

Customer Reviews

A bit too much of "there is only one way to do this"

My Rabbi had this book on the list of books for me to read in order to convert to Judaism. It is informative and a good book to read if you are considering converting to a Reform Temple, as I am. I would recommend this book to even my new Jewish friends who want to understand their faith a little better.

I have read this book so many times the cover is coming off. In my multi-religious family (each generation contains interfaith marriages) I have purchased this book as a reference guide for our non-Jewish family. As our family grows I will continue to buy it.

As a convert, I needed all the help I could get. This book, recommended by my rabbi, was an excellent introduction to Judaism.

A good book for those with little or no knowledge of Judaism. It is a little "basic", for me. I am converting to Conservative Judaism and I have been doing quite a bit of reading on the subject. I

should have bought this book earlier. It would have been more useful to me at that time in my quest for knowledge and information.

Helped a great deal in my research into Judaism. Very well written.and understandable for an Non-Jew to study Judaism. Thank you for writing this book.

Enough in this book to give the non-Jewish reader a peek into Judaism.
