In his remarkably perceptive trademark style, America's favorite doctor takes on everything from aging to activism, popovers to green eggs and ham, belief in others to belief in yourself. Irreverent and refreshing, here's a book no self-respecting Seussophile should be without! ...An ideal gift for graduation, birthdays, or any special occasion.(All ages) -- Random House --This text refers to an out of print or unavailable edition of this title.

This book contains prescriptions for wisdom written by the good doctor himself: "A person's a person, no matter how small." and "UNLESS someone like you cares a whole awful lot, nothing is going to get better. It's not." In his remarkably perceptive trademark style, America's

My wife wasn't totally on board with this for a high school grad so I had to come up with an inscription to make sure it wasn't too childish a gift for someone at a pivotal point of becoming an adult. As you grow older and start to reflect, you'll realize these Seuss-isms are all quite correct. But, if you don't like it a lot, just think, it's the best money card you ever got! Stuffed with a few bucks, there's no 18 year old that won't appreciate it, right?

I bought this book to give to my daughter for her high school graduation. She love the book! I had read some reviews complaining about the size of this book, but I thought it came as expected. Great book/gift for the price!

I just received it today and haven't read the whole thing because it's a gift in place of a card for a baby shower. I was asked to bring a book instead of a card so this is what I picked and it sounds so wonderful as far as I read. It actually took my mind off of having a bad day.

What a wonderful collection of Dr. Seuss-isms! There are favorite quotes from all his wonderful books for every area of life. A must buy for those raised on Dr, Seuss getting ready to head into the world.

I bought this book for my daughter's boyfriend for graduation. It fits his personality to a T, and it is so very cute! I highly recommend this in lieu of a greeting card for high school graduates!

This was part of a graduation gift and was so much fun. Can't go wrong with Dr. Seuss!

I have given copies of this book to recent college graduates and "those on their way

Bought this as a graduation gift (HS) for my college-bound granddaughter, along with 2 other Dr Seuss books (Oh, the Places You'll Go, and Oh, the Thinks You Can Think). She loved them!
