A Case Of Redemption

Synopsis

The second electrifying thriller from the "gifted writer" (Publishers Weekly) and author of *A Conflict of Interest*. A high-profile attorney in the middle of a leave of absence following a personal tragedy is drawn back into the legal arena amidst a media firestorm when he agrees to represent a popular rap artist accused of brutally murdering his pop star girlfriend. With its powerful voice, pause-resisting tension, and strong cast of characters, Adam Mitzner's novels are reminiscent of such best-selling authors as Scott Turow and John Grisham.

#172 in Books > Audible Audiobooks > Fiction & Literature #269 in Books > Mystery, Thriller & Suspense > Thrillers & Suspense > Suspense

Customer Reviews

Hi, first book by this author and it was a good read. If I could I would likely give this book 3.5 half stars. I had trouble with a few things in the book. I doubt most defense lawyers would take up a case for free. I also doubt these two lawyers could do all this investigative work with no help and still have time to prepare for the case. At times the book felt like a light beer I was drinking I wanted more. I also thought the end was rushed, given all that I would still recommend the book. I don't think I will read his first book, read the reviews been these done that with other books that I have read, did not seem original. I could be wrong. I will keep an eye out for his next book-he does show some promise.

A Case of Redemption is an excellent book and I truly enjoyed it. I read Mr. Mitzner's first novel, *A Conflict of Interest* and was very anxious to read *A Case of Redemption*. Both books are excellent.

Although there is a slight comparison because they both involve lawyers, the story lines are completely different. As I read through *A Case of Redemption*, it moved along at a nice pace with a few twists and turns however I was blown away by the ending. What a turn of events that completely caught me unaware. The entire book is fantastic and I definitely recommend it.

It would be specious to say we have a new Grisham here, because truth be told, I like Mitzner better. Excellent writing and a gripping story. The twists and turns are unpredictable, and with the amount of reading I do, that's amazing. The characters are "real" and it's not easy to pull this off with the personalities he has chosen to write about. I enjoyed the ride, and was somewhat exhausted by the finish. You can't go wrong with this one, and I couldn't wait to get his first book. Outstanding!

This author has me reading his books about (gasp) Lawyers ! The stories are intriguing, the writing is great, I don't even care that the subject matter is about my not absolutely favorite group of people. He shows them as people with a(nother) high-stress profession whose practitioners are people with whom you can have believable feelings of empathy. Who knew, Lawyers were people too (at least in books)? Great work....

I enjoyed reading *A Case of Redemption*. It follows the modern legal thriller formula: beautiful, successful characters wronged by stock antagonists, stylized judges, and the system, insights into the nuances of the legal system and the vagaries of human nature. The most impressive feature of *A Case of Redemption* is its plotting. The twists and turns lead the reader through an intriguing series of detours before reaching the conclusion. If I could talk to Mr. Minzer, I would ask him to be less didactic in explaining the legal system to his readers. It is better to show the legal system through dialogue than by instructing in separate paragraph. If Mr Minzer has tremendous potential as a writer of legal fiction.

I've read all three of Adam Mitzer's books and have been totally enthralled by each. Each lawyer/murder/mystery reels one in, making one think they know what's next, only to take a new twist or turn. I like that his emphasis is on the story and characters, not sensational nor graphic sex. Great stories.

As far as courtroom dramas go this was a good one. I wouldn't classify this work as a thriller, but it

was well written and with a good plot. I found myself always wanting to read more and that is a sign of a good book. Nice job. I would recommend this work to anyone, but especially to those interested in investigative works associated with courtroom drama.

Interesting characters. Twisted plot. Zinger of an ending. Highly recommended. I look forward to his next book. I'm always looking for great authors and this author is another great discovery to add to my collection.
