Splash 18: Value - Celebrating Light And Dark (Splash: The Best Of Watercolor)

Synopsis

Let there be light! (And darks!) Valuable lessons from 130 modern-day watercolor masters. There is no more fundamental duality than that of light and dark. For the artist, no element is more effective at conveying a sense of space or directing the viewer's eye. A strong value composition is key to bringing drama to city scenes and capturing nature's gloriously fleeting lighting effects. The dynamic interplay between intense shadows and sparkling highlights can elevate otherwise ordinary subjects and imbue portraits with soul. *Splash 18* explores how acclaimed watercolor artists use value to give their paintings meaning, energy and life. The result is another bold collection of expressive art, rich with insight from the artists themselves on how they strive for and achieve expression. See what happens when artists paint what they love, and love what they paint. 130 paintings reproduced in brilliant, juicy color. Contemporary artists share how strategic value placement gives power and punch to their work. A breathtaking range of styles and subjects--from skyscrapers and still lifes to figures, faces and cherished pets. "If the composition of the lightest and darkest values alone is interesting, you are more than halfway there before you even start to paint." --Mark McDermott, p20 "Life is full of ups and downs, like a symphony of light and dark." --Lim Bee Tat, p33 "The true subject is not an orchid, but the celebration of light and shadow." --Jaimie Cordero, p119 "Strong values leave strong impressions." --Keiko Yasuoka, p128 "The purity of light showcases the mystery of darks." --Linda Daly Baker, p135

I think that I have all of the Splash watercolor books so far. This one is wonderful! I really recommend it!

Lots of inspiration!

The Splash books series are the best - there is a little bit of everything and I like that some artists share their techniques.

Excellent addition to the series.

Masters of watercolor

I have all the Splash books. I wish it had more "loose" paintings. I love the realism, but having more variety would be great. I cannot give it 5 stars because of that. There are several newer artists in this and that is great to see. I do like the explanations on value, very interesting. Maybe Splash 19 will have more variety and newer ideas.....I think the older Splash books had that and more recently the series has gotten away from that.

Good

Great book, I have the majority of the Splash books.
