Deserae and Dustin Brady are the parents of Leila Brady (a baby) and Nugget Brady (a dog). They live in Cleveland, Ohio. Dustin wants to buy a turtle. Deserae does not.

My 6yo daughter loved this book and has been asking for the next one!

My girls, ages 7 and 9, loved reading this mystery together. This is one of their first mysteries to

read and I think it sparked their interest in the genre! They enjoyed the antics of the kids in the story, which were very relatable to themselves. They thought the solution to mystery was clever! I heard "Ooooh!" coming from both of them when they figured it out. It was the perfect reading level for my girls and I appreciated that it was age-appropriate. The characters were fun and not obnoxious like in some books I see for their age. Now they are curious about what the next mystery for Leila to solve will be!

As an elementary teacher, I am always excited to find a book that I know students will love. This first adventure of Leila and Nugget is just that book! Young readers will get lost in the world of this little girl and her adorable dog. They will find the characters to be relatable and the mystery quite intriguing. As a mom, my 3rd grade daughter confirmed my thoughts that this was the perfect book for elementary students. She laughed out loud at some parts and felt sad and even scared at other parts...all emotions that led to her not being able to put the book down! When she went to sleep that night, she said, "I hope I dream about Mr. T." That is the kind of book you want to pass along!

Really enjoyed the interactions between the three friends and a dog who set out to solve the mystery of the disappearance of a pet turtle called Mr. T. Brought back my own memories of the excitement of a snow day from school. Highly recommend.

My 6-year old loved the twists and turns in this book! She also loved that the mystery-solver is a girl! The part with Mrs. Crenshaw reminds me a bit of The Sand Lot. Very enjoyable read for my transitioning 2nd grader!

We loved this book!!! I know the target audience is 3rd grade girls but all of my kids (11, 8 & 5 youngest 2 are boys) enjoyed it. I read it aloud and we were all laughing and anxious to find out what happened to Mr. T! As a parent I love the lessons to be learned and I'm thankful for a kids-safe, sweet storyline. My kids are requesting all of Mr. Brady's books now.

What a fun read! With well-developed characters and layers of mystery, children (and even adults) are sure to love "Who Stole Mr. T?" Though the slow pacing at the beginning of the book might be tedious for children, they'll swiftly get caught up in a mystery and resolution like every child sleuth has ever dreamed of. Parents will love the subtle lessons the story teaches about forgiveness, abandoning harmful stereotypes, being a good friend, and not judging others too

quickly. Like all good mystery writers, the Bradys make sure no detail goes unattended, and they masterfully use suspense at each chapter's end to draw readers to the next chapter. I'm looking forward to reading more of Nugget's mysteries. So what's my final word on this book? I'm sorry I can't resist. I pity the fool who doesn't give "Who Stole Mr T?" a chance.

I am writing this for my 8 year old daughter...I like mysteries, so it's a good book. It's a good book for animal lovers because it talks about dogs and turtles. It was an easy read for me--I am in 3rd grade. The author does a good job keeping my interest and making me guess at what will happen next. and my 6 year old daughter...I think it's a great book. My favorite part was when they solved the mystery! I like the book because I like animals.
